Mission: To help eradicate illiteracy by providing grants and scholarships to underprivileged children and families in United States and around the world through financial assistance to educational institutions and individuals.

Dear Friends,

I am writing to tell you about a cause that is dear to my heart, and share with you how you can make a great and lasting impact on the lives of children in need of a quality education. Founded in honor of a man who started life with very little, Education for Humanity USA is dedicated to enriching the lives of children throughout the world who do not have access to education. As a result of this man's hard work, grit and determination, he changed his destiny by overcoming great odds and ultimately becoming Dr. Huq. This man's life work was to ensure that others, growing up in impoverished parts of the world, could have access to education. This man knew that an education was the key to a better life and he worked his whole life to ensure that key was given to many others. This man was my father. It is my duty to continue on with this great work and my pleasure to invite you to support this important cause; please consider making a gift to Education for Humanity today.

We believe that education is necessary to push society forward and bring peace and happiness into the world. We believe that every person should have access to education and the resources necessary to attain their educational goals, regardless of their socioeconomic situation. Unfortunately, many people are denied education due to their inability to afford it. Many deprived and underprivileged children and families in the U.S. and around the world are unable to receive the financial aid they need. Education for Humanity USA aims to make education accessible to everyone, by offering grants and scholarships to educational institutions both locally and abroad.

Huq Foundation Inc. dBa, Education for Humanity USA is a not-for-profit and tax-exempt organization. Our nonprofit 501(c)3 exists solely because of the generosity of sponsors like you. Your support allow us to provide families and institutions with tuition, books, and school supplies. Currently we are providing financial support to South County Outreach, Paul Revere School, School on Wheels, Valinda School of Academics, and Donors Choose, as well as schools and organizations around the world. Please visit our website www.eforhusa.org to learn more about our projects and goals.

You can make a difference in the lives of hundreds of children, both in the United States and across the globe. We greatly appreciate your support for this noble cause!

Sincerely,

Saiful Huq
